Blog activity

I blog at least once a day; general topics include lifestyle and family posts. I cover a variety of topics from family, fashion, beauty, technology and trips with the children to travel and competitions, all revolved around my FAMILY! My husband and I have professional photography equipment, so we do get fantastic photos, which I use on the blog for most of my posts. I have iPhone, iPad, Mac, android and Windows devices. I am regularly listed in the top #10 of parent blogs in the [Parent Blogger Club](#).
